

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 885 - SB 1072

April 6, 2015

SUMMARY OF BILL: Authorizes the State to issue direct general obligation interest bearing bonds in amounts not to exceed \$30,000,000. The proceeds will be allocated to the Tennessee Higher Education Commission for capital outlay and maintenance projects at higher education institutions. Authorizes the Funding Board to issue bond amounts not to exceed 2.5 percent of the amount specified for funding discount and cost of issuance.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$3,300,000 – First Year Debt Service

\$48,900,000 Over the life of the bonds

\$30,000,000 Principal

\$18,900,000 Interest

Assumptions:

- All projects authorized shall be approved by the State Building Commission.
- The coupon rate is estimated to be six percent.
- Bonds are issued for a term of 20 years.
- Assumes one-twentieth of the initial principal plus interest will be paid annually, instead of level debt service payments over the life of the bond.
- Based on current bond market rates, it is estimated that the cost of capital reflected by a six percent coupon rate will be sufficient for paying actual first-year debt service plus any costs of issuance.
